

Mission Statement

The Christ Consciousness Church

The mission of The Christ Consciousness Church is to serve as a living spiritual institution devoted to the practice of worship, the teaching of sacred principles, and the stewardship of land and resources held in trust for religious and public benefit.

The Church exists to cultivate Christ Consciousness through prayer, instruction, contemplation, and service. It provides a sanctuary for spiritual growth, moral reflection, and peaceful assembly, welcoming individuals seeking alignment with divine law and conscience.

Through its ministries and programs, the Church affirms compassion, stewardship, and responsibility to future generations. All activities are conducted without private inurement and are directed exclusively toward religious purpose, education, and the common good.

This mission is maintained as a continuing and enduring commitment, guiding the governance, use of property, and spiritual life of the Church.
